

## **Entering the Lyndhurst Show Site**

The Members of The Westminster Kennel Club (WKC) are pleased to welcome you to our 145th Annual Dog Show, the 8th Annual Agility Trial and the 6th Annual Obedience Trial. To expedite entry to the site, we ask that you please follow the direction of the Tarrytown Village Police, as well as WKC security and site control personnel.

- Prior to arrival please ensure you have completed your Reel Health Entry Form for Vaccination Submission and Scheduling Tests – WKC June 2021 (visit [www.reelhealth.com/wkc](http://www.reelhealth.com/wkc)), as well as received a confirmation email for either vaccine verification OR COVID-19 test verification (you will receive this once a Reel Health staff member has reviewed your proof of vaccination OR your COVID-19 test has been resulted or reviewed). Additionally, you must download the Reel Health App and complete a daily COVID-19 signs and symptoms questionnaire prior to arrival every day.
- Upon entering the front gate at Lyndhurst, exhibitors will stay to the left and show your admission ticket(s) and completed COVID-19 signs and symptoms questionnaire on the Reel Health App to Site Control. WKC security will provide you with a Westminster mask.
- You will then continue on to the Reel Health COVID-19 check in, where you will undergo a temperature check and present:
  - a. Your completed COVID-19 signs and symptoms questionnaire on the Reel Health App
  - b. Photo identification with date of birth
  - c. Admission ticket

Reel Health will provide you with a wristband to be placed on your left wrist.

- You will then be directed by Site Control to the next available parking space. As your safety is our top priority, we ask that you please wear a mask at all times when on site and social distance.
- For attendees arriving by taxi or rideshare vehicles, you will ask to be dropped off on the block opposite the main entrance. Site Control will direct you from there.

We hope you have an enjoyable experience at our event.
